Wedding of Popular Young Man And Miss Ethel Small Was Event of Past Week at Santa Rosa.

On Wednesday last at 11 o'clock in Santa Rosa, Clyde Johannsen, popular former Sonoma young man, and Miss Ethel Small, charming vocalist of Eldridge, were united in marriage by Rev. Mr. Drake of the First Christian church.

After a honeymoon trip they will take up their residence in the city of Roses, the groom being engaged in business there under the firm name of E. H. Johannsen and son, well drillers.

The bride is a petite blond whose wonderful voice and talent for music would have made her highly successful had she cared to follow a professional career. She is the daughter of well known State Home employees and has many friends in the Valley of the Moon.

Mr. Johannsen, the fortunate young man, was in the service during the war and made a trip to the Orient and Siberia. He was very popular socially while residing here and is the son of a prominent family. Since going into the business with his father, E. H. Johannsen, he has made a proud record in the business world The firm has many well boring contracts in the vicinity of Santa Rosa and Vallejo. Clyde Johannsen manages the Santa Rosa end of the business.

BEAUTIFUL GLEN ELLEN GIRL FILES DIVORCE SUIT

Josephine Panerazi Campodonico of Glen Ellen, has filed a suit for divorce from Adolpho Campodonico. She alleges desertion.

Mrs. Campodonico is the youngest of the beautiful Panerazi sisters of Glen Ellen and her marriage to the son of a prominent San Francisean a few years ago was a romantic one, the young couple eloping to Santa Rosa. Josephine was little more than a girl at the time of the wedding and soon after the honeymoon there were rumors of domestic discord.

Mrs. Campodonico has been residing for some time past with her mother at Glen Ellen.

COUNTY DIVISION SPEAKERS WERE HERE LAST NIGHT

Union Hall was the scene last night of a meeting arranged by Petaluma to boost for county division. They presented an array of figures and made the plea that Sonoma valley would save money and progress faster if it would cast its lot with Petaluma and secede from Sonoma county.

Sonoma valley has not looked upon the plan with favor.

TONIGHT, THE "HARD TIMES BAWL" OF BALLS; GLEN ELLEN

Tonight at Chauvet Hall, Glen Ellen the Woman's Improvement club of that place will give the Hard Times Ball for the benefit of the Jack London Memorial Library.

Many parties from all over the county will attend. Fetters jazz band will play for the dancing.

A. Maffei has purchased 300 head of spring lambs from R. Fillippini of the Petaluma road.

Mr. and Mrs. C. B. Craig formerly of Eldridge who went to Washington to accept employment at a big institution there have returned to sunny California. Mr. Craig is now connected with a leading hotel in Napa.

"THE MIRACLE MAN" COMING TO DON THEATRE

George Loane Tucker's "The Miracle Man" one of the best motion pictures of the past year is coming to the Don Theatre. Do not miss it.

The plot of "The Miracle Man" deals with the moral transformation of a gang of New York crooks under the beneficent influence of a deaf and blind patriarch, who is a healer of proven powers. Coming to him originally with the idea of making money out of his gift, these four products of the metropolis' slums are made miraculously to realize their better selves. Thomas Meighan, Elinor Fair, Betty Compson, and other screen players of unusual ability interpret the fascinating story in a manner that leaves nothing to be desired. See ad.

GEORGE KRAMER OF TACOMA BEVERAGE FAME TO OPEN DANCE PAVILION AT BOYES

George Kramer, who will manage the dance pavilion and refreshment stands at Boyes Springs this summer has been making many friends here, and has been so enthusiastic in his boosting of Tacoma Beverage that he has most of the resorts in the valley on his order book.

The Boyes Springs management have been trying to land the services of Mr. Kramer for the past two seasons but the Tacoma Bottling Co. could not spare him from San Francisco, where he was their star agent. This season, they consented to give him a leave of absence to allow him to take charge of the amusement and refreshment concessions at Boyes.

Mr. Kramer came here with Mrs. Kramer, and his wife was so impressed with the valley that they decided to make this, their home. He is a pleasant fellow and has many boosters.

The Dance Pavilion at the baths opens May 1st.

LOOK WHO'S HERE

Who cuts a swath,
Both broad and wide.
Who walks in with wondrous stride,
Who is Petaluma's pride?
Why, Kerrigan.

Yes H. W. Kerrigan Petaluma's dynamic Chamber of Commerce secretary was in Sonoma Saturday in the interest of County division primarily but he also found time to say that he was at the disposal of Sonoma County or city on any matter of promotion or publicity and declared he boosts for the sheer love of boosting.

Mr. Kerrigan is one of the best assets Petaluma has and if Sonoma could acquire him it might even be able to stand for the thought of being swallowed by his Jonah-like city.

REBEKAHS INITIATE TWO NEW MEMBERS

Verdant Degree, Rebekahs, initiated two members Thursday evening. Miss Shirley Ward and Mrs. Lizzie Lutgens were taken in with impressive ceremonies which ended in a fine feast and general good time.

The Gilmacher ranch in the hills north of town has been sold to San Franciscans.

YE OLDEN DAYS REFLECTED AT MRS. CARTER'S PARTY

A novel and delightful "Rag Bee" reflecting the quaint customs and and styles of long ago and abounding in lots of old fashioned hospitality was given by Mrs. Mary Carter of the Hall ranch to a number of friends last Wednesday afternoon. The invitations were in verse from the clever pen of Mrs. Carter herself and bore the admonition "wear clothing washable and old fashioned as possible".

As a result the ladies bidden to the sewing bee were attired in the quaint dresses of their grand mothers day, the costumes of Gladys Simmons, Mrs. G. H. Hotz and Clara Johnson being particularly quaint and most becoming. Gladys Simmon's gown carried off the prize, an antique candlestick of beauty.

Just as the little verse of the invitation promised, there was "a nice little lunch" about 12:30 with creamed chicken, hot biscuits and all manner of delicious goodies.

Then the ladies sewed and chatted and as they worked on the rags recalled many pleasant menories of days gone by. The serving of fruit punch regaled the busy sewers.

Mrs. Carter was assisted in the delightful affair by her daughter Mrs. Dodge and her grand-daughter Mrs. Baughn.

The invited guests were:

Mesdames W. Murphy, C. Burlingame, Pemberton, Hayes, H. Bates, Watt, Pemberton, Hays, H. Bates, Hotz, Gottenberg, Simmons, Clewe, Wicker, Lowell, Adler and Denny.

Next Tuesday the 27th another coterie of friends has been invited to the second cycle of sewing at the "Rag Bee."

MRS. BELLE SPINDLER BUYS HUSBAND OUT

Mrs. Belle Spindler who was sued by her divorced husband for recovery of the fine 50 acre ranch near El Verano has bought the plaintiff's interest out and the legal complications of several years past are thus ended.

The trouble started in September, 1918, at which time Mrs. Spindler swore to a warrant charging the husband with having struck her. Mr. Spindler was released and the charge dismissed, after which he filed a suit for divorce from the wife on the grounds of cruelty, and asked to have a deed set aside to fifty acres of land near El Verano claimed to have been given the wife as security for a loan of $600 te the time of the marriage. The case was tried before Judge Zook, who was acting for Judge Seawell at the time. Judge Zook, after hearing the evidence, which was quite sensational, refused the plaintiff and defendant both a decree of divorce and issued an order that the action not be prejudicial to plaintiff regarding the question of the deed to the land, but asked that the land question be tried in a separate action.

W. A. Gale and wife of Pasadena are here on a visit to their son, Archie Gale and family of Riverside Drive.

G. Locarnini of El Verano was a visitor to San Francisco Monday.

Miss Lucile Carson writes of delightful days spent in Alabama where she is visiting and enjoying all the quaint Southern life to the utmost.

Annie Acquistapace and son Jimmy spent Monday in the metropolis.

SEBASTIANI INSTALLS HANDSOME AND MODERN STREET LIGHTING SYSTEM

The electrolier street lighting system installed by Sam Sebastiani in the vicinity of his fine new home and business property is the subject of many compliments and gives that portion of Sonoma City the appearance of a metropolitan boulevard. The lights are undoubtedly a credit to the enterprising and up-to-date property owner who at his personal expense installed and will maintain them.

PRUNE MEN ORGANIZER IN SONOMA VALLEY THURSDAY

H. O. Jones representing the prune and apricots growers of "Sunsweet" fame San Jose was in town Thursday signing up Sonoma Valley acreage. The prune men of Sonoma County have signed up so eagerly that Mr. Jones reports 80 per cent now in the association. He predicts continued good prices although the extent of the 1920 crop is still problematic.

Mr. and Mrs. Ralph Hotz are planning to attend the Galli—Curci recital and also the Passing Show in San Francisco next week.

Mr. and Mrs. De Vencenzi of S. F. visited their daughter, Mrs. D. Eraldi, over the last week end and were accompanied by Mr. and Mrs. Haskins also of San Francisco.

Mr. and Mrs. Jack Sholden (Bernice Small) are coming to Sonoma to reside, Mr. Sholden having taken a position at the Adler furniture factory.

AMERICAN LEGION'S "HARD TIMES" BALL

Plans Completed for Big Affair Saturday Evening, May 1st, in the Union Hall.

Plans for the Hard Times Ball to be given by the local post, American Legion at Union Hall May 1st have been completed. An unusually large attendance is assured as the affair has been given a great deal of publicity through the columns of the leading newspapers of the neighboring cities.

McCarthy's Jazz Band of San Francisco who certainly demonstrated at the recent St. Francis church entertainment that they could produce "the stuff," will furnish the music, so melody and jazz promise to reign supreme.

Novel decorative schemes are to be worked out in keeping with the occasion while the "eats" committee has promised to have the best obtainable. Nothing is being left undone to assure everyone who attends a good time, for everyone knows "If it's an American Legion dance it means a good time." Many novel features are to be carried out, while a prize is being offered to the couple whom the judges decide to be the best waltzers. There will be many regular old-time dance numbers which will take us back to the days of yore, such as the Virginia Reel and others.

So hitch the old gray mare to the buck-board or, if you are lucky, jump into your old "Tin Liz" and gives her all the gas you've got and,

"Be on your way,
To the dance, the first of May."

Just Where and How Is the Money to be Spent?

A businesslike Answer to a businesslike Question

THIRTY denominations cooperating in the Interchurch World Movement have budgeted their needs. No business could have done it more scientifically.

They have united to prevent the possibility of duplication or waste. At least a million dollars will be saved by the fact that thirty individual campaigns are joined in one united effort.

Each denomination has arranged its budget under six main heads:

1 FOR THE CHURCH'S WORK AT HOME. A score of items come under this head. Consider only one. Five and a half million people in the United States cannot even read and write the English language. Who is to carry forward this vast work of Americanization if the church does not?

2 FOR HOSPITALS AND HOMES. Every year thousands of men and women seriously ill are turned away from Church hospitals because of lack of room. The children's homes are compelled to turn away more children than they can receive.

3 FOR HIGHER EDUCATION. Of the 450,000 American students in institutions of higher grade, one-half are in institutions founded and supported by the Churches. Many of these institutions have had no great endowment campaigns, but their needs are just as pressing as the needs of larger schools; and you have only to read their list of alumni and alumnae to measure the value of their contribution to America.

4 FOR RELIGIOUS TRAINING. At least 12,000,000 children and young people under 25 years of age are entering American life without any religious training at all. Remembering the faith of Washington and Lincoln, do you think that America will continue to produce Washingtons and Lincolns if faith dies out of the hearts of its youth?

5 FOR THE CHURCH'S WORK ABROAD. Influenza came first from the Orient thirty years ago; nearly all plagues are Oriental plagues. So long as China has only one physician to every 400,000 people the Orient will continue to be a menace. So long as one-third of the babies of India die before their second year our own babies are not safe. A Christian doctor or teacher sent abroad is working for America as truly as though he worked at home.

6 PREACHERS' SALARIES. The preacher is called the "forgotten man," and well he may be. Eight out of ten preachers are paid less than $20 a week!

Each denomination has its own detailed budget, and will administer its own funds. Your pastor has copies of the budget: examine them for yourself. In the week of April 25th-May 2nd you will be given your opportunity to help. You can do it with the full satisfaction of knowing that every dollar of your gift has its post assigned to it in advance.

Every dollar for better America and a better world. When your church calls on you give—and give with your heart as well as your pocket-book.

VICTOR PIEZZI

VIRDEN PACKING CO., Sacramento Cal.

Gentlemen:—I have given your Mr. Purdy my subscription to stock in the Virden Packing Co. for the particular reason that I have always been glad to encourage the organization of co-operative marketing institutions among the producers of California.

As President of the Sonoma County Grape Growers' Association, I have had an opportunity to appreciate the value of co-operation. It is such organizations as these that have placed the California producers of Grapes, Prunes, Raisins, Almonds and other specialized products in a class by themselves, constantly increasing the scope of their operations, until today California Fruits are in great demand all over the United States and Europe. As this demand for California products is right now far ahead of the possible supply, it seems to me an oportune time to create the organization of a plant such as yours.

Trusting that it will be a great success, I beg to remain,

Yours very truly,

(Signed) VICTOR PIEZZI.

The Virden Packing Co. now owns and is operating the new million-dollar "Moran & Co." meat packing plant in South San Francisco, and is building a beautiful, modern, sanitary, meat, fruit and vegetable packing plant at Sacramento. In addition to this they have taken over the Annheuser Busch Plant in San Francisco to take care of the increased city business. The capital stock (all common) has so far been distributed over 48 counties of California, to a total of nearly 4000 subscribers. We have 66 subscribers in Sonoma County, and there is but a limited amount of stock alloted to this county remaining unsold.

If interested, ring me up or write me before Monday afternoon.

J. C. PURDY, General Sales Agent,

DRY LAW'S ENFORCEMENT JEOPARDIZES AMERICANISM

Sonoma has had a taste of the new prohibition law and its workings, the enforcement program of which is being madly pursued by as despicable an army of sleuths as was ever turned loose on a country. When you stop and realize that the country wherein this outrage is permitted is our long cherished, liberty loving, justice breathing United States of America it makes American blood boil. How it affects the foreign-born whom we are right now seeking so zealously to Americanize is not hard to conjecture, for hated autocracy never inflicted greater injustice or spawned, almost overnight, such a monstrous mockery as have those who instigated this law which meddles with the customs of good citizens and would terrorize them into subjection. To turn loose on every little community of the United States a lot of officers under big salaries, equipped with extra money for a shave and a shine, cleaning and pressing, and armed with government-bought "gat", for the purpose of raiding the premises of citizens and taxpayers whom they suspect of having even so much as a finger of liquor on their premises, is nothing short of an outrage, and will yet bring the blush of shame to a country by nature as fair as our own United States, and whose perverted point of view is but a present-day madness, for which a nostrum must, and will, be found.

Raids, such as Sonoma has recently experienced, are being pulled off in countless other American communities and must bring home to everyone the vicious, unjust and despicable lengths to which the drys have gone to force their opinions on the country and straitjacket those who dare to differ with them in habit in custom.

If a community is desirous of its own volition of becoming dry, it should have the privilege, but when, against the unmistakeable will of the voters of a state as in California, the federal government disregards state rights and lords it over an unwilling, vigorously protesting good citizenry it is high time to call a halt before the country goes broke in its wholesale enforcement and expatriates time-honored love and loyalty which arrogant law and terrorism, through espionage, is hourly jeopardizing.

WE DO NOT believe that the recall should be invoked by spiteful enemies to get any official. Do not sign your name to a recall petition unless you know that there are well founded charges of graft or kindred serious offense. Do not be a party to the reprehensible tactics of petty politicians. Be on your guard when asked to sign a recall petition.

HOOVER REMARKABLE TYPE OF SELF-MADE AMERICAN

Man Who Hundreds of Thousands of Citizens Believe Should Be President—Has Had Extraordinary Career

SAN FRANCISCO (Special)—It has been said of Herbert Hoover that he came out of the war "the most distinguished private citizen in the world."

Hoover's projection into the Presidential situation is one of the most interesting phenomena of American politics. A plain, self-made man of the people, this world citizen of today was the son of a country blacksmith who worked his way through Stanford University, and, in a remarkably short space of time, became renowned as the world's greatest mining expert and authority. He has been for many years a trustee of Stanford University.

While the name of Hoover balked large in the mining, scientific and engineering world long before the war centered him in an international spotlight, he was comparatively unknown to the great body of his fellow American citizens.

No other American citizen ever was called upon to play the part as an international executive and administrator that Hoover was called upon to fill when he undertook to administer relief in Belgium. He organized the commission for Belgian relief, through whose agency more than ten million people were fed for nearly five years. The Children's Bureau of the American Relief Administration is today under Hoover's direction, through which, without Government financing, he is feeding 2,500,000 children in Poland, Austria, Hungary and the Balkans—children who would otherwise die of starvation.

In April, 1917, when this country entered the war, Hoover answered the call of the President to act as United States Food Administrator. Through his offices food production increased, cheap; closing out entirely. R. V. Wickham.

lated. He not only fed the American people and the American army, but he stabilized the food supply of the world.

Busy as he was with these tremendous works, Hoover's inexhaustible energy found time to administer the one hundred million dollar fund appropriated by Congress for European relief.

Following the signing of the armistice, he was called to Europe to represent the United States as chairman of the Supreme Economic Council. Under his direction the railways, telegraph and telephone systems and mines of Europe were operated from December, 1918, to August, 1919. Hoover brought order out of European chaos.

Hoover stands for the League of Nations, with reservations clearly safeguarding the United States and its Constitution; he stands for the Treaty, with proper safeguards; he stands for a clearly-defined, constructive program for capital and labor; for a business administration of the national Government, with a minimum interference in the economic activities of the country; for the co-ordination of expenditure of Government funds with Government income, through a national budget system; for decreasing the cost of living; and for reduction of taxes through reduction of waste.

Herbert Hoover was born in Iowa; is 46 years of age; is married to a California girl, who was Miss Lou Henry, of Monterey, and is the father of two sons.

This is the man—engineer, organizer, administrator, statesman, recognized authority on world conditions, outspoken leader of national thought, modest, fearless and sympathetic American—whom hundreds of thousands of his fellow citizens [illegible] $500 to $60,000. 1mo*

JEP VALENTE AND FRED STEURMER BUY SONOMA VALLEY AUTO BUS LINE

Jep Valente and Fred Steurmer, two well known and progressive boosters of this city have bought out the San Rafael-Sonoma Valley auto bus line from Messrs James Baines and Steve Anazitos. They also acquire the interest of the late Fred Boynton.

Messrs Valente and Steurmer will continue to build up the traffic which has been growing steadily both in popularity and patronage since its inauguration by the progressive Boyes Springs residents who founded it last year.

The new owners will purchase another big bus, a twenty passenger vehicle and will give good service to the traveling public.

Both Valente and Steurmer will drive and "safety first" will be their slogan.

Attorney Frank Sprague has applied to the Railroad Commission for a transfer of the line to his clients.

DEMURRER FILED IN BRUNS SUIT AGAINST BOHLIG

In the $20,000 damage action for slander, brought by George Bruns against Michael Bohlig, Bohlig today filed his demurrer and motion for dismissal of the action in the superior court.

Bruns recently was sued for divorce by his wife, and in an answer he made he named Bohlig, referring to him as a pro-German. Bohlig retaliated, it is claimed, with an article in a Sonoma newspaper, containing slanderous allusions to Bruns.

Bohlig's motion for dismissal of the case is on the grounds that the action was brought forth without filing the undertaking required by law.

In his demurrer he prays for dismissal for several reasons, the main one being that the complaint is uncertain in its several allegations and as a whole does not state facts sufficient to constitute a cause for action.

Attorneys William H. Cowan and Hillard Comstock are representing Bruns and J. R. Leppo is Bohlig's attorney.

BIRTHDAY PARTIES WERE HAPPY OCCASIONS

Growing old has its advantage and delights so think at least two of Sonoma's pioneer residents who during the past ten days have been the recipients of lovely birthday parties, informal affairs with genuine expression of real love and esteem from old friends and neighbors.

The rose covered bungalow of Mrs. Mary Shaw was thronged last Friday week with friends who had the honor to congratulate her in her 83rd birthday.

Tuesday the birth date of Mrs. Amelia Bates was honored by the friends and relatives of this favorite pioneer daughter of old Sonoma.

While but three score years and a few besides are credited to Mrs. Bates, Time has dealt kindly with her and she has the old time spirit of youth and vivacity which have always made her a favorite. A steady stream of callers came to congratulate her and partook of coffee and cake served at the hospitable home. Mrs. Bates was formerly postmistress here and is an ex-president of the Sonoma Valley Womans Club.

Miss Dorothy Westrup, formerly of Kenwood was married in Berkeley, Thursday to Irwin Berry, wealthy hop man. Rev. Cherrington performed the ceremony. The young couple will reside in Marysville.

BUTLER'S SKILL AS AN ALIENIST RECOGNIZED IN NEW APPOINTMENT

The skill of Dr. Fred O. Butler, medical superintendent of the Sonoma State Home of the Feeble Minded as an alienist met with gratifying recognition at the recent conference of heads of state institutions held at Ventura when he was appointed chairman of a special committee to investigate and report upon a plan which has for its purpose the segregation into their prorer classes of all defectives included in the several thousand unfortunates who are now wards of the state.

The entertainment of the evening consisted of a fine musical program which had been arranged by the Entertainment committee, and an exhibition of sleight of hand by Mr. Madison, Assemblyman.

ZEIFMAN'S AFFAIRS ARE COMPLICATED

Morris Zeifman filed a suit last week in the superior court against F. H. Phillips as administrator of the estate of S. Zeifman, late El Verano resident to recover $3010.53 and $350 attorney fees, on notes and mortgages affecting lot 2, block B, in El Verano. He also asks for a receiver to collect all rents and income until the property is sold and a deficiency judgment for any amount which the property fails to bring. The suit is a foreclosure for notes given by Zeifman and wife at various times. Louis Brownstone represents plaintiff.

Sonoma Valley Stars of the Rodeo And Classy Horses Home From Los Angeles With Proud Record.

The Millerick boys, Tom and John returned this week from Los Angeles, where they have been for the last two weeks with their aggregation of horses and riders attending the great stampede which was held there recently.

They report the stampede to have been a great success, both from a spectacular as well a financial stand point, as turnstiles registering 67,498 paid admission during the four days which the show lasted.

Although there were the very best "outfits" from all over the west contesting for the liberal purses hung up, the Millericks' more than held their own, winning no less than 62 per cent of the prize money, which speaks volumes for the class of horses they showed.

The boys met with a little hard luck on the third day of the show, their very capable relay and pony express rider, "Micky" Millerick, after winning everything the first two days, met with a very painful accident which militated greatly against him in the two last days, but he gamely rode his mounts in such a manner as to gain him great applause from the vast multitude present. "The Mick" is in a class by himself when it comes to relay and pony express riding and the boys sure have some fast teams in Miss Rosetta, Little Miss Petaluma Girl, and Maid of Erin.

Another one of the "outfit" which was "put on" as a special attraction was the celebrated bucking cow, Milkshake; and say, believe us, she surely can "turn on". Every day they would announce through the megaphone an offer of $100 for anyone who could ride her or $1.00 a second for as long as they stayed on.

Well there were a great many cow boys who longed for that "century" note and took a chance only to be "spilled" almost before they got on. One rider in particular she threw so high that he claimed he met St. Peter at the pearly gates and shook hands with him before coming back to terra firma, be that as it may, he was a long time gone, and when he arrived he lit right square on —— well, anyway, a week after he was still taking his meals standing up.

Anyone who peruses this article and doubts the veracity of the writer thereof, or the ability of the cow to buck, can step right down to the Millerick ranch and the boys will give them a mount. Don't crowd please.

Another rider who was with the Millerick "outfit", and who is deserving of special mention is Miss Bertha Stadler, of Dublin, Alameda Co. if you please, who rode the lady relay races and cow girl dashes. Miss Bertha had the pleasure of meeting and defeating the pick of the girl riders of the country, also from Canada, that country was represented by none other than the celebrated Kitty Canutt, the hitherto unbeaten girl champion. Miss Canutt well deserved her title of champion, but smilingly acknowledged defeat at the hands of Miss Stadler, who is an "honest to goodness' rider.

Mounted on Miss Rosetta and Little Miss, she is nearly invincible, and no girl or man either, should fell hurt by being defeated by this wonderful young lady rider.

"Ikey" Lewin, the famous cowboy comedian, also with the Millericks won first money in the trick riding contest mounted on "Shorty" a wonderful trick riding horse. "Ikey" hails from Petaluma.

In the running races given in conjunction with the other events, the boys did very well, winning the Farewell Handicap with Ben Payne, 5½ furlongs in 1.07, a very fast performance.

There was a great amount of money changed hands on this race, the Fresno and Hanford contingent deeming Marguerite W. invincible at this distance. She showed a world of speed, collaring Ben a sixteenth from home, but McBride, on Ben Payne, shook his mount up a bit and he came on and won by two lengths

Their mare Do Admit, though far from being at her best, won the half mile dash in 48 1-2.

There is a Sonoma county boy who competed in the bucking contests, who is conceded by all the riders to b one of the "keenest" bronck riders in the world to-day. He is none other than Norman Cowan, of Glen Ellen, and although only 20 years of age, he is without a doubt one of the most capable riders now appearing before the American public.

Although he did not get to the finals in the contest, it was the fault of the judges. Whether or not it was done intentionally or not it is not for us to say.

Here are the facts in the case. A rider is supposed to ride a horse from 20 to 25 seconds which gives the horse ample opportunity to "pile" the rider and the judges a chance to decide on the merits of the rider. A judge then blows a whistle which is the signal for the men to "pick the bronck up."

In Cowan's case he was astride one of the hardest horses to ride that appeared at the stampede. It did everything but stand on his teeth. At the end of 30 seconds young Cowan was still aboard and "scratching" Mr. Bronck from his ears to his tail, the twenty thousand spectators all on their feet and yelling like mad. Suffice it to say he rode his horse for exactly one minute and four seconds, losing a stirrup and the last two jumps.

The judge with the whistle said he dropped it to the ground and had to dismount to recover it but there were some who said he swallowed it. Young Cowan was the recipient of a purse aggregating over $125 contributed by people who were impressed with his wonderful effort and believed him entitled to a purse.

Two carloads of horses belonging to the boys have been teed off at San Jose since last Friday but are expected to arrive at anytime now.

While in Los Angeles Tom and Jack Millerick took occasion to run down to Tia Juana to see their horses, Von Dillon and Ben Payne perform.

They received flattering offers for both these birds but decided to retain them and race them on the coast this summer. Von Dillon accounted for two races, a second and third.

Ben Payne started 17 times down at Tia Juana, winning four times, six times second and 4 times third. Also winner of Farewell Handicap at Los Angeles. He is called by racing patrons "The Red Bulldog" owing to his bulldog courage and tenacity.

Mr and Mrs. C. Valente were visitors to the city the fore part of this week.

SONOMA FURNITURE FACTORY HAS MORE ORDERS

A. W. Adler who is making Sonoma famous as the home of a furniture factory where quality furniture is turned out for office and home was down to San Francisco Monday and booked more orders for his plant. Adler will build more tables and bureaus and plans to augment his present pay roll. He found the buyers eager for his goods both on account of the freight tie up and because of the good reputation he has established for getting out fine case goods. Mr. Adler is perhaps the only manufacturer in California who has made successful tests with the use of California oak wood in furniture. By his process it becomes the equal of Eastern oak and he is in the market for this wood. Two carloads are already on the way to him and will be worked up into furniture.

KUNDE SAYS WINES AND BEER COMING BACK

Louis Kunde, the well known Los Guilocos wine maker, returned Sunday night from a trip to New York and eastern points, where he was called on business connected with viticultural transactions.

Mr. Kunde expresses the belief, based upon what he heard in many places in the East, that it will not be long before light wines and beers will be returned to the use of people in these United States, instead of one half of one per cent alcoholic content in the beverages provided under the prohibition law. Kunde says that feeling along this line is developing everywhere and he predicts that things will change again.

Sam Sebastiani is making many improvements on the Daly property which he recently purchased. He is remodeling the cottages and will put in concrete sidewalks and curbs, making everything in keeping with the up to date and attractive neighborhood in which he is interested.

NOTICE

J. Maurel hereby announces that he has retired from public business and will no longer conduct the boarding house in Sonoma as formerly.

SUIT TO QUIET TITLE

Augustin Castagnet and his wife have brought suit to quiet title to property on Spain street purchased by them from Mrs. Greenfield a year ago. Mrs. Greenfield had assigned her mortgage to Lena Makower and her husband who in turn assigned their interest to one J. A. Stamer.

Makowers and Stamer are named in the complaint together with neighbors owning property adjacent to the Castagnet land in dispute. The property originally belonged to the late Arvilla McHarvey.

Castagnets allege that because of misrepresentations made to them by the parties whom Mrs. Greenfield represented that they are damaged to the extent of $1000.

The lot purchased by Costagnet was supposed to contain the 75 feet fenced in and improved with a dwelling. The buyers now aver that there is only 67 - 73 feet.
